MUEHLER et al. v. MENA certiorari to the united states court of appeals for the ninth circuit No. 03-1423. Argued December 8, 2004--Decided March 22, 2005

George W. Bush (BushWhacker) has made it exceedingly clear that he has no intention of dealing with the INVASION OF AMERICA BY FOREIGN ILLEGALS. He has made it clear that he intends to open the doors of America even wider to accommodate these ILLEGALS. America is suffering from that Trojan Horse we allowed to enter our government offices. We have allowed the Enemy to rule from within our own house. We have no one to blame except ourselves. Continued SILENCE is CONSENT for it to continue.

The goal of America's enemies is to destroy us financially. Financial destruction can occur in many ways, not all are obvious. Just as water can disappear by diversion, evaporation, overuse, or filled with debris to absorb it - so can the financial holdings of America disappear. It can be by use by those not entitled (Illegals), outsourcing of jobs, moving of manufacturing outside the country, writing off debts due to America, spending money in foreign aid to those unworthy or not in true need (funneled by the despots), redirecting funds to political uses. Start paying attention to how those funds extracted from us in taxes, fees, permits, etc. are being used to bring America down financially.

"Federal Funds" - "Matching Funds" - "State Funds" these are all fraudulent terms as government in America has no funds of any kind except those funds it first takes from the private citizen, you and me. All these so-called "funds" are those monies government has creamed from excessive taxes (handling fees) which they then turn around and \*gift\* us with (including ropes with a hangman's noose) to coerce another level of government to hang us with. All that \*sugar\* they dangle in front of the eyes of the greedy tax hogs is filled with poison but it isn't tasted until it is too late. A spoonful of sugar helps the poison go down.

We would all be much better off if we would handle all projects at the local level and didn't swallow all that \*sugar\*. Stop sending your resources to Washington DC for them to siphon off those "handling/laundry fees" before 'gifting us' with those phoney 'matching funds'

It is these same siphoned off funds they are handing over to ILLEGAL INVADERS, assisting in the overthrow of America.
