

GOP SENATORS SAY THEY WANT YOUR OPINION ON ILLEGAL IMMIGRATION

They don't promise to listen, but don't let the opportunity go by.

Go to www.nrsc.org and answer the 8-10 questions..

Then go to "Contact Us" (upper right corner) for the website response form to give your comments about GOP Senators performance on CAFTA, their recent increase of H1-B visas, their confirming Judy Myers (a total incompetent) as head of ICE, or anything else on their behavior.

You don't have to be a Republican to do the survey, but they do want your name, address, email address, etc. so you might expect the GOP to contact you by mail or e-mail.

For those who are Republicans, this might be your opportunity to let your party leaders know how you feel about the matter.
