

NEW FRONTIER COALITION, USA

We live in an era where right and wrong are being determined by elitists and special interest organizations. An average, hard-working American citizen that wants to raise a healthy and happy family has no political “watch dog” to protect their interests. Normal, patriotic citizens are horrified as they watch in confused agony as both the Democratic and Republican parties give US jobs and livelihoods to foreign countries, and then tell the citizens that everything will be all right. We know it is not all right! We know that politics in Washington must change! We know that the needs of the average working American must be represented! We are that representation!

The New Frontier Coalition is an effective political organization that was founded for the purpose of uniting Third Parties, Independents, Patriot Groups, Disgruntled Republicans and Democrats, Individuals, New and Unregistered Voters... all Americans who see their freedoms slipping away and into the hands of the government. With great pride, strength, and nobility, we are determined to return our Country to the principles of the U.S. Constitution as was originally intended by it’s “Founders”.

Come and join the New Frontier Coalition as we remove “Corporate America” from Washington and return the control of America back to the hands of it’s capable citizens. www.newfrontiercoalition.com
